GIFT TOKENS

Bulbs make a very suitable present where other articles fail. We supply Gift Tokens to any value desired and they are in the form of an attractive card to enable recipients to select Bulbs from our Catalogue to the specified value. On receipt of remittance at our Hamilton Office the Token can be sent direct to the recipient together with a copy of our current Catalogue, if so required.

South Hamilton, Mass., January 1954
our eighty-fourth year

We have much pleasure in presenting to you our 1954 Spring Catalogue and we do so with the respectful request that it may have your kind attention. This catalogue lists both the new and standard varieties and every bulb is of de Jager's renowned superb quality.

Since 1870, when our original nurseries were founded at Heiloo, Holland, our prime aim has been to produce the finest bulbs possible. Constant experimenting and testing has enabled us to produce finer bulbs from each successive planting. To-day de Jager bulbs are the standard of comparison the world over. They are noted for their high productivity and gorgeous blooms.

The many thousands of customers who have bought bulbs from us through the years are familiar with the superb quality and our prompt, dependable service. To those who have not been acquainted with our bulbs, we will indeed be grateful for the opportunity to serve and please you.

Last year, due to the increased amount of orders, it became necessary to double the size of our warehouse facilities at South Hamilton, Massachusetts. We are thankful to you, our customers, for your patronage and we will do everything possible to give you the utmost satisfaction.

We urge a continuation of your patronage and suggest that you place your order early as possible, so that it may be delivered to you at the proper planting time.

Newest Gladiolus Introductions

We propose to introduce each year a number of Gladioli varieties which in our opinion belong to the top-ranks of the show table during the previous season and which have not been introduced before. These brand new introductions may be regarded as a considerable improvement on the present collection of Gladioli, while the selection is being done with utmost care and after due consideration for substance, poise, colour-value and size of the flowers.

Happiness (2), a brand new variety of delicate character and extreme loveliness, deep bordeaux-red with velvety sheen, very enchanting variety of unusual colouring, opens 6 to 8 well formed florets at a time. A beauty for the garden and show-table. A.M. Haarlem 1953. \$ 2.00 each; \$ 5.00 per 3.

Indian Summer (3), extremely lovely shade of intense orange-red throughout, its nicely formed florets and perfect carriage adding to its beauty and distinction. A giant Gladiolus of first-class quality, producing an enormous spike with 8 to 10 very large flowers open at one time. A.M. B.G.S. 1953. \$ 1.00 each; \$ 2.50 per 3

Jupiter (1), a brilliant scarlet-red, freely flecked, with creamy-white pencilling on lower petals, producing an enormous spike of ideal stature with 8 to 10 florets open at a time. A magnificent garden variety of singular grace. A.M. Haarlem 1953. \$ 2.00 each; \$ 5.00 per 3

Lincoln Day (2), a delightful variety of a most lovely purple-red and ideal in every respect. A chaste and noble variety, matchless in form and outstanding in colour, producing an enormous spike with 6 to 8 florets open at a time. A.M. Haarlem 1953. \$ 2.00 each; \$ 5.00 per 3

Flying Dutchman (2), a magnificent deep blue novelty in every respect and one of the best in the blues, extremely beautiful spike of noble form and fine stature, producing a strong spike with 6 to 8 perfect open florets out at a time. An exhibition flower of great merit. A.M. Haarlem 1953. \$ 2.00 each; \$ 5.00 per 3

Papoea (3), a most attractive, but unusual coloured novelty of soft brownish-red with remarkable white edge round petals, which is unique amongst Gladioli. It has 8 to 10 open florets, ideal in shape and texture, very effective in the garden as well as on the show-table. A.M. Haarlem 1953. \$ 2.00 each; \$ 5.00 per 3

Queen of Holland (2), indeed appropriately named as it is the Queen of Orange. Flaming scarlet-orange throughout and of a perfection in form and poise seldom seen in any other variety, beyond all doubt a delight in the garden and equally successful on the show-table. \$ 2.00 each; \$ 5.00 per 3

Royal Baby (2), bright royal scarlet of lovely form and perfect carriage, this fine variety is considered the choicest in its class on account of its vivid colour and perfection of texture. Will be admired as a garden plant and as a cut-flower. A.M. Haarlem 1953. \$ 1.00 each; \$ 2.50 per 3

Smiling Queen (2), a wonderful Gladiolus of refined beauty and charming colour of delicate peach-blossom pink. The florets are of a particularly beautiful form and gracefully set along the tall straight stem. A giant exhibition variety and a garden plant of singular grace. A.M. Haarlem 1953. \$ 2.00 each; \$ 5.00 per 3

Spring Time (2), a very particular colour of soft lilac-mauve, somewhat lighter on lower petals and conspicuous crimson blotch in throat, producing an elegant spike with 8 to 10 open flowers. One of the most beautiful varieties in its colour, a garden plant of distinction, most lovely for decorative purposes. \$ 2.00 each; \$ 5.00 per 3

United States (2), a well built flower of great quality and finish and of a brilliant bright purple, beautifully formed florets well arranged along a straight strong stem, a coming variety of particular charm. A.M. Haarlem 1953. \$ 2.00 each; \$ 5.00 per 3

DE JAGER'S GOLD MEDAL

Large flowering Gladiolus

The Gladiolus are now greatly favoured flowers and need no lengthy description. The improved strain of these magnificent flowers produces enormous spikes of very large and strikingly coloured blooms of enchanting beauty. They have a very commanding appearance in borders, in groups among shrubs where they remain in bloom for a considerable time, while they are also greatly praised as cut flowers for bouquets and vases.

Culture: plant your Gladioli 3 to 4 inches deep and 5 to 6 inches apart in a well drained and good garden soil from the beginning of March at intervals until the middle of May, in order to have flowers in succession from July until early autumn. Do not add fresh manure. Gladioli like a sunny and a from wind sheltered position. It is advisable to change the location of your Gladiolus-plantings every year.

The prices quoted are for Large and Jumbo bulbs.

Bonanza (2), very tall, large flowering exhibition variety of a pure, rich golden yellow colour, flowers are of excellent substance, perfectly placed on a strong straight stem. A unique colour amongst Gladioli and a most delightful flower of unusual interest. **\$ 1.00 each; \$ 2.50 per 3**

Caleidoscope (2), an extremely attractive and dainty variety, quite distinct from other smokies; the colour is a combination of soft salmon-orange in a more or less spotted mixture with an underground of pale yellow. A grand exhibition variety and a garden plant of singular grace. A seedling from the famous Gladiolus Mother Macree. **60 cts. per 3; \$ 2.00 per doz.**

Clara Carder (2), an exquisite variety of a very soft apricot-pink colour with wide open florets and perfectly placed on a strong stem. Will be admired as a garden plant and as a cutflower. **\$ 1.40 per doz.; \$ 10.00 per 100**

Devotion (2), extremely lovely soft yellow with carmine-red blotch on lower petals, a novelty of exquisite and gentle grace of a most glorious hue, 6 to 7 lovely florets of ideal shape open at a time which form a spike of ideal habit. **60 cts per 3; \$ 2.00 per doz.**

Diamond (2), a glorious creamy-yellow of a lovely and perfect carriage with a fine apricot shade in centre. This noble Gladiolus may be considered as the choicest in its class; the beautifully formed flowers are very regularly placed on an erect stem; a cutflower of singular grace. A.M. Haarlem 1952. **\$ 1.30 per doz.; \$ 9.00 per 100**

Doris Day (1), a remarkable striking variety, colour deep lilac with dark feathering in petals and small white pencilling on lower petals. A well formed flower of distinct character, may be effectively used in the border. (See illustration.) **\$ 1.40 per doz.; \$ 10.00 per 100**

Dream Girl (1), this extraordinary variety displays an extremely lovely colouring; the large wide-open florets are of a soft magenta-pink, and are gracefully carried on a tall straight stem. A very attractive garden variety. A.M. Haarlem 1952. **\$ 2.00 per doz.; \$ 14.00 per 100**

Edward Jenner (2), a first class Gladiolus of a most vivid scarlet colour surpasses the race in form, size and texture; the enormous, bright coloured flowers are of an ideal formation, 7 to 8 florets open at a time, gracefully carried on the tall and slender stem. A grand exhibition flower. A.M. Haarlem 1953. **\$ 2.50 each**

Eridge (2), a splendid addition to the still limited ranks of blue Gladioli, a one toned azure blue novelty of extreme beauty in form and setting with 6 to 8 florets open at a time. A variety of high quality in every respect. A.M. Haarlem 1952. \$ 1.00 each; \$ 2.50 per 3

Erny Pyle (2), an outstanding Gladiolus in its deep magenta-purple colouring with a creamy pencilling blotch on lower petals. Valuable garden variety on account of its strong constitution and attractive colouring.

\$ 1.70 per doz.; \$ 12.00 per 100

FIRE KING (1), a wonderful scarlet-red novelty which will bring to your garden the unusual and extreme beauty of the Gladioli; it is simply superb, having a brilliancy and purity of colour and a perfection of finish hardly approached by any other. A grand variety suitable for all purposes. \$ 2.50 each

Flying Wing (1), a light coloured Gladiolus of bright appearance, being clear creamy white, blending into cream in throat. A magnificent variety of strong texture that will give complete satisfaction. \$ 1.40 per doz.; \$ 10.00 per 100

Globe Master (1), a very large novelty of striking beauty and exceedingly charming colour, bright violet-pink merging into shell-pink towards the edge and creamy-white in throat. A remarkable variety in size and form that opens 8-10 florets at a time. A.M. Haarlem 1952. 75 cts. per 3; \$ 2.50 per doz.

Grand National (2), a giant among Gladioli and an ideal plant in every respect, the colour is vivid-pink with white mark in throat. A novelty of recent introduction and a real sensation at our shows on account of its wide expanding florets and stately dignity not possessed by any other, producing an enormous spike with 8 florets out at once. A.M. Haarlem 1952. \$ 1.00 each; \$ 2.75 per 3

Igloo (2), a splendid gladiolus which distinguishes itself for size and form. Colour milky-white with a tinge of soft lilac pencilling on lower petals. The enormous florets are of a good substance, fine form, being excellently placed on the long, strong stem. A most attractive show flower. A.M. Haarlem 1953.

\$ 1.00 each; \$ 2.50 per 3

Insurpassable (2), enormous spike with 7 to 8 distinct florets of a glorious purple-red. An impressive and magnificent garden plant with a perfectly straight spike. A sample of perfection and texture. A.M. Haarlem 1952.

\$ 1.00 each; \$ 2.50 per 3

John Raffles (2), a magnificent and very distinct novelty of an outstanding colour, which is very difficult to describe; when first seen, one is inclined to call it "smoky". It has a pale ground colour of coppery-yellow uniformly overlaid with hundreds of very fine nerves of a shade of burnt-sienna, slightly pale on lower petals and with 7 to 9 large well formed expanded flowers out at a time, it makes a beautiful spike of a colour not seen in Gladiolus before. Should be of particular interest to the real connoisseur, strong grower.

\$ 1.70 per doz.; \$ 12.00 per 100

Kiss of Fire (2), a wonderful warm scarlet-red Gladiolus, very large, tall-growing novelty, carrying 8 to 9 wide open flowers at the same time. Royal Dutch Amaryllis

(*Hippeastrum*)

The Amaryllis produces huge lily-like flowers and with their unique beauty and grace they give immense pleasure and satisfaction. The three or four funnel-shaped florets are placed on the top of a tall solid stalk and grow about eight to ten inches wide at mouth. This genus has several qualities combined and its shades are most exquisite and lovely.

The Amaryllis can be had quite easily in bloom when placed in a warm spot in the living room with normal indoor temperature. Remember, the base of the bulb should be kept warm to stimulate the development of the roots.

Choice seedlings mixture, these are bound to give entire satisfaction on account of its large blooms of breath taking beauty, the shades being mainly red. They deserve a much larger popularity and to encourage their cultivation, they are offered at a special price. Large bulbs. \$ 2.50 each; \$ 6.50 per 3

Superb Begonias (Tuberous Rooted)

This Genus deserves attention on account of its great value for planting in any position of the garden. From early July and onwards, these so often lost spots will be brightened by the Tuberous Begonias with their huge flowers of magnificent bright and pastel colours.

Culture: The best method is to start them in a cold frame. Plant in rich soil. Good drainage is essential and water cautiously until plants have shown considerable growth, then increase supply. When a little hardened off and when night-frosts are no longer expected, they should be planted out in the garden. Begonias can be planted either single or in beds, one foot apart.

DAHLIAS

Dahlias are the royal representatives of the summer season and they are known all over the world as decorative garden plants. They have shown a remarkable increase in public favour in recent years, because so many new and better varieties have been raised. Rich tints in every design of colour and strong stems make them invaluable for cutting as well as for garden purposes.

We are able to offer the following list of very choice and rare Dahlias, which should be of special interest to the real connoisseur and fanciers. The roots offered are all top sized and can be planted from the 1st of April until the end of May. They are very easy to grow and do not need any special treatment although they want a sunny position in the garden and some bone-meal is recommended.

Lilies

All High Quality Dutch Grown Bulbs

Of all the classes of plants capable of being cultivated outdoors, the Lily stands pre-eminent for beauty, grace and colour for many years, when left undisturbed.

Culture: Lilies must not be allowed to dry out, but should be planted immediately on arrival at a depth of three times the height of the bulb in a well drained light loamy soil. No lilies will thrive in full shade. After the bulbs have set, they should be covered with one inch of soil, on top of which another layer of composed old cow manure should find its place. The first season after planting Lilies do not flower profusely, but once established, they increase in richness and display. Cutting down the dead stems in Autumn is essential for good results the following year. Add a fresh top-dressing in early Spring.

Brownii, this superb Lily is among the loveliest of the trumpet-flowered group, interior white, exterior tinged with chocolate-brown; strong stems clothed with handsome glossy foliage each bearing from 2 to 3 trumpet shaped flowers of great beauty; flowers in early July, height 3 to 4 ft. **\$ 2.00 each**

Creelman Hybrids, a much improved strain of L. Regale, producing very large pure white trumpet shaped flowers with a faint tinge of purple on outside of petals, a magnificent garden plant; stem rooting, flowering July-August.

50 cts. each; \$ 5.00 per doz.

De Jager Seedling Hybrids, bred from Parryi, Burbanki, Humboldtii and Pardalinum giganteum. These seedlings are very beautiful and bear several recurving flowers of great beauty on a stem and have magnificent colours ranging from bright-yellow to brilliant-red. Height 3 to 5 feet. Flowering in July. Limited stock.

80 cts. each; \$ 8.00 per doz.

Hansonii (The Yellow Martagon Lily), bright golden-yellow with dark crimson spots, a strikingly beautiful Lily of robust habit and easy culture, height 3 feet; June.

\$ 1.00 each; \$ 10.00 per doz.

Henryi, this is one of the finest Lilies in cultivation, resembling L. speciosum, it is a hardy and vigorous variety bearing up to 18 large gracefully poised flowers, colour a deep orange-yellow and dark foliage, plant 9-10 inches deep in good loam in a shady or sunny position, height 6 feet.

50 cts. each; \$ 5.00 per doz.

Montbretias

Large flowering varieties only

These magnificent **New Montbretias** are a great improvement on the older varieties, being taller and more robust, while the flowers are of much greater size and beauty, some of them measuring 3 inches across. These lovely flowers with their elegant and branched spikes are not only sweet cutflowers, but their charming habit as garden varieties, their vivid, warm orange colourings will give the most effective satisfaction when planted in groups from 6 to 12 in the border.

Culture: It is absolutely necessary to give them a sunny place and a well drained position. The best time for planting is during March and April at a depth of at least 3 inches and 2 inches apart. They like a deep well-drained loamy soil enriched with leaf mould.
